Treatment Information

Reservations

Our Guest Experience team can arrange your treatment before arrival or during your stay. We recommend reserving ahead to secure your preferred time.

Your treatment setting

Treatments may be arranged in your villa, on the beach, or on our Skydeck. Our team will help select a suitable setting for your treatment, taking privacy and weather into account.

Before your appointment

Allow a few quiet minutes before your treatment to settle in. Your therapist will take time to discuss your preferences and comfort before beginning.

Your comfort and privacy

Your therapist will explain what to wear and how you will be covered during your treatment. Please let them know your preferred pressure, any areas to avoid, or anything that would make you more comfortable.

Health considerations

Please tell our team about pregnancy, allergies, recent surgery, injuries, or medical conditions when booking. Your therapist will confirm whether the selected treatment is suitable.

A peaceful experience

We recommend silencing your phone so you can enjoy your treatment without interruption.

Outdoor appointments

If weather conditions affect a beach or Skydeck appointment, our team will discuss an alternative location or time with you.

Cancellation and rescheduling

We understand plans can change. Cancellation or rescheduling is complimentary at least 12 hours before your appointment. Cancellations or rescheduling requests made less than 12 hours before your appointment, and missed appointments, incur a charge of 50% of the treatment price.

Payment

Your treatment will be charged to your villa account. Prices are in USD; taxes and service charge are additional.

Age requirement

Treatments are available to guests 18 years and older.

Gratuities

Gratuities are optional and left to your discretion.
